Agenda of our meeting

- Review RTM(Requirement Traceability Matrix), Activity graph and test cases for all the requirements.
- Review the database and UI design.

Discussion

In this meeting we discussed about the design of user interface and databases that were previously decided. We discussed about all the components of UI and database design like layout of the log-in form, user profile, layout of seller and buyer page and layout of the home page etc. Our main discussion was about UI design.

Next meeting

Agenda of the next meeting: reviewing database and UI design.
