Agenda of our meeting

- Work-flow of Design phase
- Team division according to the requirement of the designing part.

Discussion

In this meeting we were working on the designing phase that how should be the database and user-interface be designed so that it meets all the requirements of the users. So, keeping all the requirements of the users we divided entire designing part into 4 major parts and assigned the tasks to each member according to their area of knowledge. Here are the work divisions :

Working Part	Team Members
Study Material	Harish Krupo, Anjul Tyagi
Open Forum	Kushal Jangid, Akhilesh Kumar, Gaurav Yadav
User Profiles	Raghuvar Prajapati, Sonu Patidar
Books(Buying and Selling)	Chirag Panpalia, Aditya Srivastva, Dilip Puri

Conclusion

So, after discussion, we finally divided the major designing phase into sub-modules so that it could be easily done and would be easy to all team-members. In the sub-modules the focused topics were database design, user-interface design and sections of study material organization etc.
